

## PRODUCT SHOWCASE

### COVERED COMBINATION SOCKET: HEX-TORX

**Part Number:** VGNC-129-18MXE14  
**Description:** 3/4" SQ DRIVE W/ COUNTERBORE, TORX E14 SOCKET WITHIN 18MM SOCKET & FREE-SPINNING UGH COVER  
**Industry:** AMERICAN AUTOMOTIVE ASSEMBLY

### CUSTOMER CHALLENGE

- Motor mount application uses 2 types of fasteners: Torx and Hex, requiring 2 sockets, 2 guns, and too much time!
- Nose end OD clearance issue.
- Free-spinning covers required.

### THE APEX SOLUTION

- Huge time saver! Saves over 4 hours/day in Operator and line movement time.
- One gun and one Operator - and no socket changes.
- Clearance issue addressed.
- Enhanced Operator safety with free-spinning UGH cover.
